

ANNUITY RATE CHART

The American Council on Gift Annuities (ACGA) has recommended the following annuity rates effective July 1, 2008 through June 30, 2009. The Catholic Bishop of Northern Alaska (CBNA) Annuity Program uses the ACGA as a guideline for all of our annuitant interest rates. The following rate table is what is currently offered by CBNA for all new annuitants as of the above dates. However, CBNA only offers annuities for anyone that is younger than 55 on a case by case basis and may be subject to a different rate than posted below by the ACGA. This rate chart is subject to change without notice, but normally will follow the ACGA recommended rates.

AGCA recommended rates July 1, 2008 through June 30, 2009
